## WORLD CLASS 1983

1981, 1982 UK

BMX CHAMPIONS

Ride with the winning team

## Pro Class™

Too light, too trick, too fast to be anything but Pro Class™ by Mongoose®. The ultimate bicycle combining the best performance equipment for the most speed, lightness, strength and value. The heart of the Pro Class™ is the superlight 3¼ pound Pro Class™ Frame and the 26 ounce Pro Class™ Fork in electroplated black chrome. Add, hi-torque 180 mm chromoly cranks, SR alloy platform pedals, pro-size Pro Class™ Handlebars and trick Pro Class™ 11 Wheels\* all in sharp good looking chrome. Nothing but class for the Pro Class bicycle. Pro Class™ frame and fork sets are also available separately for custom building in either electroplated black chrome or high polished show chrome.

Pro Class™, by Mongoose®, when only the best will do.

## Supergoose®

New for July 83. Britain's most successful competition mount has been completely re-engineered to incorporate many of the Pro Class™ features. Lighter but still maintaining the same rigid ground hugging control Mongoose® are famous for, the new Supergoose® is for the serious competitor who demands the ultimate combination of performance with durability.

Main features: Frame/fork - all tubes 4130 chromoly hand heliarc welded, chromoly Pro Class™ bars, Pro Class™ stem, Pro Class™ alloy wheels, 175 chromoly crank, Mongoose® universal QC spider, SR 468 platform pedals, Comp III skinwall tyres. Ultra lite tubes, Shimano DX chromoly freewheel, Renthal® alloy seat post, alloy hinged clamp, Aero saddle, dual alloy brakes with type III levers, Mongoose® Flight rad pad set.

Colours: Brilliant show chrome with black, red or blue parts.

## ammaco Team Sprint

With stunning looks and most of the features found only on 'all out' competition models, the Team Sprint has been a huge success since its May 83 launch. Now improved with a longer frame the SPRINT's main features are:-

Competition quality frame & forks, SR 422 stem, DX style platform pedals, CP Bars, dual alloy QR brakes with type III levers. Alloy rims, QC spider/alloy ring. Comp III skinwall tyres. Aero saddle. Alloy post clamp. Ammaco lt. wt. pads.

Colours: Chrome with black, red or blue parts.

## ammaco Team Pro

Top of the Ammaco range the TEAM PRO is your all out light wt. competition racer. Check these outstanding features:-  
100% 4130 chromoly hand heliarc welded frame, forks and handlebars. Aray 7X rims/alloy hubs. Suntour f/wheel, SR 422 stem. Alloy quick release brakes inc type III levers. Tagaki chromoly crank. DX style platform pedals. Renthal alloy laid back seat post (+ spare straight post). QC spider. Comp III type skinwall tyres. Ammaco lt. wt. pads.

Colours: Chrome with black, red or blue parts.

## mongoose Californian

Replacing the 'California Special' the stunning new Californian takes a major step forward in race ready value. With a new lighter frame/fork and many upgraded components the Californian has an unbeatable specification for the price:-

Competition quality hand heliarc welded frame-main tubes chromoly, heliarc hi-tensile fork, alloy/chromoly stem, CP bars, Renthal® post, alloy hinged clamp, aero saddle, Q.C. spider, SR 468 alloy pedals, Comp III skinwall tyres, dual alloy brakes with type III levers, Pro Class™ alloy wheels. Mongoose® 'Flight' pads.

Colours: Chrome with black red or blue parts.

## mongoose Skyway

For those who want Mongoose® competition quality with nylon mags, the Skyway model is the answer combining superb steering and geometry with the stylish Tuff alloy hub wheels. Full spec includes chromoly main tubes heliarc welded, chromoly stem, Renthal® seat post, alloy hinged clamp, Q.C. spider, Comp III skinwall tyres, SR 468 pedals, Mongoose® 'Flight' pads.

Colours: Chrome with black, red or blue wheels and parts.

## mongoose Wire Wheel

This new model brings the lightness & strength of a chromoly mainframe within the range of most pockets. Main features of this good handling & competition quality cycle are:-

4130 chromoly mainframe, chromoly stem, alloy Q.R. brakes, H.D. chrome wheels, plated chain, Tagaki crank, SR 468 platform pedals, Comp III pattern tyres, Aero nylon saddle, Mongoose® 'Flight' pads.

Colours: Chrome with black red or blue parts.
